## About

In this book, there are 28 individual lesson printouts for each of the lessons in stage one. The lesson printouts are setup for general printing on blank business cards. You can also print it on plain white paper if you choose. However, I do recommend using blank sheets of business cards instead, since they are thicker and more durable. For our own use, we used Avery 05371 White Business Cards.

- Avery 05371 - blank business cards for laser printers
- Avery 08371 - blank business cards for ink jet printer

I also recommend printing out each of the lesson printouts before you start each lesson, so that they are ready for use when you need them.
